HIGH-POWER/LOW-NOISE/SINGLE-MODE LASERS FOR RESEARCH AND INDUSTRY

Vertical-external-cavity surface-emitting lasers (VECSELs)

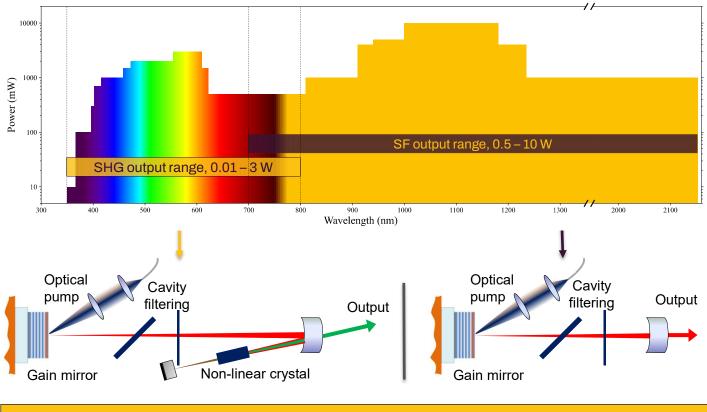

VECSELs combine the benefits of semiconductor quantum-well gain together with the external cavity architecture of disk lasers, resulting in wavelength-versatile high-brightness laser operation. These lasers are also commonly known as optically pumped semiconductor lasers.

| KEY BENEFITS OF VECSELS | | | | | | | | | |
|--|-------------------------|-----------------------------------|--|----------------------------------|--|--|--|--|--|
| Broad wavelength range | High output power | Low noise | Excellent beam quality | Narrow linewidth operation | | | | | |
| 350 – 2150 nm | Up to 10 W | No amplified spontaneous emission | $M^2 < 1.1 - 1.2$ | < 10 kHz (10 µs) | | | | | |
| Cleanroom prOptomechani | | ures | 5.070W 555.8937 nm 555.8937 nm 552.8420 nm 582.8420 nm | | | | | | |

Wavelengths and powers

KEY ARCHITECTURAL FEATURES

Optically pumped High output power High-quality spatial output Low carrier-induced noise

Semiconductor gain Wavelength flexibility High-gain saturation Tunable single frequency

Vertical external cavity High-Q cavity filtering

Intracavity optical elements Inherently low noise

Intracavity SHG

Efficient "3-in-1" configuration Unparalleled SWaP-C No "green problem"

VALO system

VXL™

VALO laser with control electronics and chiller unit

Next-generation modular,

rugged design

Wavelengths and powers

Laser powers for select atomic species

| THE ALL | Transition | Sr | Yb | Sr⁺ | Ba⁺ |
|---------|--------------------------------|-------------------|-------------------|-------------------|-------------------|
| | Cooling | 461 nm > 1.5 W | 399 nm > 0.3 W | 421.7 nm > 1 W | 493 nm > 2 W |
| | Photoionization | N/A | N/A | 461 nm > 1.5 W | 791 nm > 0.5 W |
| | Narrow cooling | 689 nm > 0.3 W | 556 nm > 3 W | N/A | N/A |
| | Clock (quadrupole) | 698 nm > 0.3 W | 578 nm > 1.5 W | 674 nm > 0.8 W | 1762 nm > 1 W |
| | Trapping (magic wavelength) | 813 nm > 1 W | 759 nm > 0.5 W | N/A | N/A |
